

Mecosta-Osceola ISD, Pineview Home School  
Telephone PBX RFP  
11 December 2008

The Mecosta-Osceola ISD is seeking proposals for a telephone system for its Pineview Home School facility.

The system must include a PBX, voice mail, backup power, system software backup and phone sets.

The PBX must interface to existing POTS lines and the existing Pineview Home system.

Pineview Home is not the same as the Mecosta-Osceola ISD's Pineview Home School. The Pineview Home School is an educational facility operated by the Mecosta-Osceola ISD and is housed within the Pineview Home facility.

There are two existing POTS lines. Vendor recommendations as to the number of POTS lines necessary are sought. There is need for 12 hand sets, minimum. The voice mail should be capable of 100 users.

A site survey and Q/A walk through will take place at 8:00 AM on 2 Jan, 2009. All interested vendors must attend as this will happen only once.

The vendor will be responsible for all equipment purchasing and labor.

This project will be funded through the E-Rate program year 2009-2010. Vendors must be certified by USAC and have a valid SPIN.

Proposals must include a detailed equipment list with model and price.

The deadline for proposals is 23 January 2009 at 3:00.

All proposals should be sent to:

Brian Pickett, Director of Technology  
Mecosta-Osceola ISD  
15760 190<sup>th</sup> Ave  
Big Rapids, MI 49307

Questions regarding the project will be accepted in email form only. Questions should be addressed to:

Brian Pickett  
Director of Technology  
Mecosta-Osceola ISD  
[bpickett@moisd.org](mailto:bpickett@moisd.org)

The Mecosta-Osceola ISD Board of Educations reserves the right to reject any or all bids.
