

Assessment Dashboard is the third tab on the Home Screen.

The Assessment Dashboard lists all the assessments that currently have data associated with them.

NOTE: All reports default to “Current Students” and “Proficient/Not Proficient.”

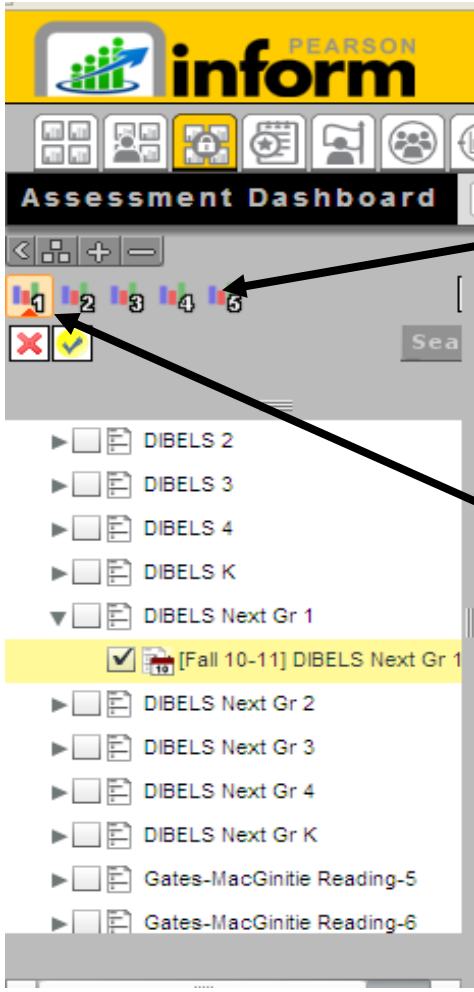

NOTE:

Many screens that appear in Inform are considered “pop-up” windows. If your browser is set to Block Pop-ups, you must go to your browser’s Preferences Menu and change it to Allow Pop-Ups.

Selecting an Assessment & Session to View Results

Locate the assessment, then click on the little gray arrow to the left of the name (This displays all of the testing sessions that have data) Click on the box to the left of the session(s) you wish to view. (A check mark displays).

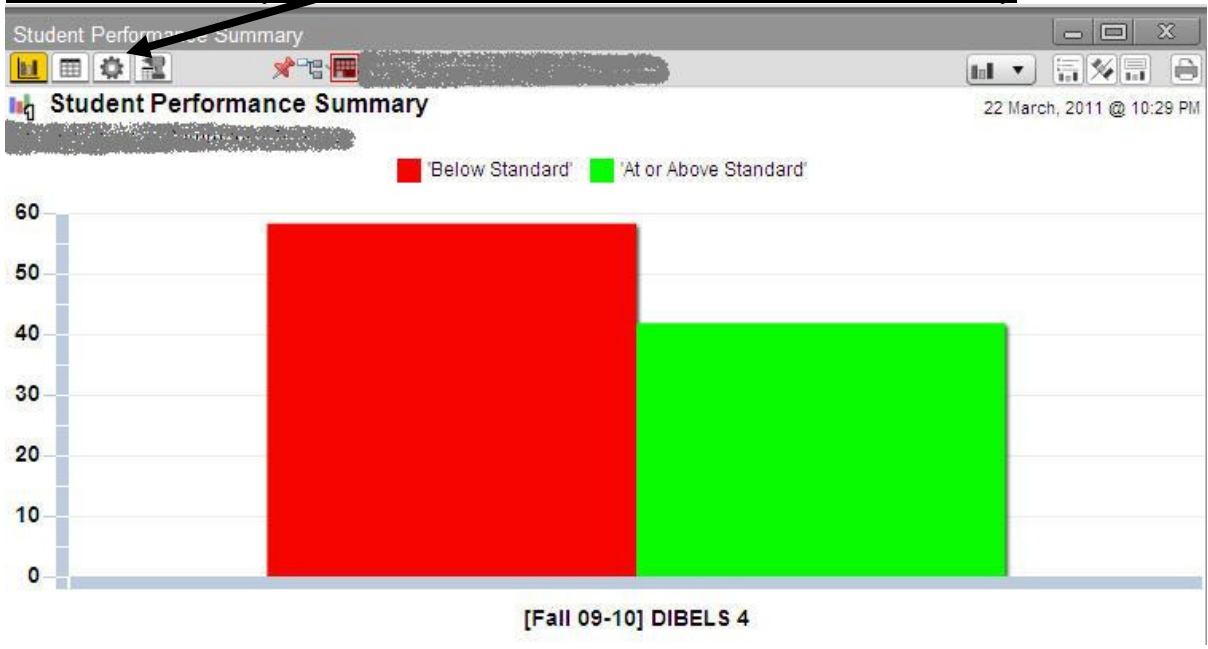

Reports: The Assessment Dashboard has 5 pre-defined reports (As you hover over a number the title will display:
 # 1 Student Performance Summary
 # 2 Student Performance Summary by Subject
 # 3 Student Performance Summary by Standard
 # 4 Distribution of Student Scores
 # 5 Test Item Analysis

To Display Reports: Click once on the number for the report you wish to display. It will generate in the Sandbox.

 You may select all 5 types at one time and each will display in the Sandbox.

Note: To change the default display from Current Students or from Proficient/Not Proficient use the Query Control

To display a list of students and their results, hover over one of the bars and "Student in" will display along with another popup to select your criteria.

You may reorder data in any column by clicking on the column heading.

The data may be exported to Excel or printed to a pdf file.

Currently it is not possible to save a report from the assessment dashboard to the report library.
